ADDITIONAL PARK INFORMATION

THE GATE TO THE NORTH AND EAST PARKING AREAS CLOSES APPROX. 1 HR. BEFORE DARK.

DRINKING WATER IS ONLY AVAILABLE AT THE EAST PARKING AREA.

THE SOUTHERN PORTION OF THE PARK IS MOSTLY LEVEL, HOWEVER THE STEEPEST SECTIONS OF THE TRAIL RISE MORE THAN 60' ABOVE THE BANKS OF THE CHATTAHOOCHEE. THESE ELEVATION CHANGES ARE MOST APPARENT ON THE NORTHERN SECTIONS OF THE PERIMETER TRAIL (MUSKOGEE RIDGE) AND TRILLIUM HILL.

PERSONS USING THE TRAILS DO SO AT THEIR OWN RISK.
