**Agenda Item:** Annexation Request – Harris County (Northwest Harris Business Park)

**Purpose:** A request by Harris County to annex 11.85 acres on Highway 103 and Davidson Road into the City of West Point.

**Background:** The property is contiguous to the current city limits of West Point and adjoins the Northwest Harris County Business Park (NWHBP). The property is being added to the NWHBP for future prospects. The zoning requested is I-2 (Heavy Industrial) which is the same as the existing park.

The application was forwarded to Harris County for review as required by Article 2 of Chapter 36, Title 36, of the Official Code of Georgia Annotated. The county filed no objection to this annexation.

**Recommendations:**

Staff recommends the rezoning and annexation of this property into the City of West Point as I-2 (Heavy Industrial). The Planning Board will review this application at their November 4, 2013 meeting.

Coleman Reeves
Statement of Interest to Serve:

I was raised in the West Point community and have always called West Point home. The character of my person was shaped by the experiences and people of this town. My skills of listening, communicating, and leading have been utilized greatly in roles such as a local commercial property owner, West Point Parks and Recreation coach, and sales leader of construction and forestry equipment.

I am interested in serving on the development authority board and sharing my vision with other members to create a prosperous community. I believe the primary goal for the development authority should be job creation of both quality and quantity. We can do so by promoting, supporting, and retaining existing businesses, facilitate business expansions, and recruitment of new businesses that fit our community's vision. There is an opportunity to encourage residents within and bordering our city to shop, eat, and stay local.

My experience with enhancing our community's infrastructure has shown to attract new businesses and individuals to this area. Communities with advanced infrastructure that are distinctive and attractive will retain their economic vitality over time and trend positively. I want to combine my skills and efforts with the development authority to achieve a common goal and vision for our town.

Thank you for allowing the opportunity and consideration of being appointed to the West Point Development Authority.
