

To Whom It May Concern:

The City of West Point is offering citizens the opportunity to register their communication devices for notification of emergencies and non-emergent events. Examples include but are not limited to: scheduled road closure, scheduled water or power outages, flushing of water lines and fire hydrants, missing persons, etc. These communications will be specific to the City of West Point, Georgia.

This service is free of charge and only requires an online registration. Type <https://cityofwestpointga.onthealert.com> into the address bar of your browser. Read and follow the instructions within the registration. In the spaces provided enter the information of the devices that you would like to have the communications sent to. If you do not have a cell phone enter the home phone or alternate phone that you would like to have contacted. Emails and text messaging are encouraged. If you would like to be notified by text check the applicable box for text notification and be mindful of any text charges that your provider may impose. Assistance with this process can be obtained by calling 706-645-3084 and providing the information that is required to complete the registration process.
